PBA Recognizes PABAR-PAC and PBA Legislative Effort Donors

In order to compete more effectively in the legislative arena and provide a stronger voice for lawyers on key legal issues on Capitol Hill, the Pennsylvania Bar Association's political action committee (PABAR-PAC) and legislative program need the financial support of PBA's members.

As the number of lawyer/legislators diminishes, the threat to the legal profession increases. In this environment it is important that lawyers have a strong advocate to reach legislators, especially those who are not familiar with the legal profession. A well-financed PAC is an important part of the PBA's legislative strategy.

The PBA gratefully acknowledges the generous support of the organizations and individuals listed below who have recognized the importance of building and maintaining a solid PBA legislative program.

County Contributions to the PBA Legislative Effort
