

## ALTERNATIVE INTRODUCTORY LESSON -RULES FOR A.C.E. VISITS

(can replace 10 things I'd rather be doing or No vehicles in the park statutory exercise).

Ask the students to define 5 rules for the classroom to be followed for all the team's visits.

Step 1: Brainstorm rules; scribe to write down all rules. Remember, there are no bad ideas in a brain storm!

Step 2: Ask each proponent of a rule to stand and defend it.

Step 3: Ask students to explain the reasoning behind the rule.

Step 4: Encourage debate regarding which rules should be in the final version.

Step 5: Vote on final rules. Have them typed and posted in the classroom for future visits.
