

MCKEAN COUNTY PRO BONO OPTIONS, January 14, 2010

A. McKean County Bar Association

McKean County does not have an established pro bono program at this time due to the low number of practicing attorneys in the county. Informally, they each do what pro bono work they can on their own.

B. Northwestern Legal Services Pro Se Custody Clinic

NWLS offers clinic-type programs for eligible clients wishing to initiate a custody action. The custody clinic classes are conducted by NWLS staff attorneys and clients are provided with blank forms and instructions on filing a pro se action.

If you are interested in attending any clinic class offered throughout NWLS' ten county service area, please contact our Central Intake Unit:
