PENNSYLVANIA BAR ASSOCIATION PRO BONO OFFICE

FEATURING:  
DAVID K. TREVASKIS, ESQUIRE & MARY C. PUGH, ESQUIRE

The Montgomery Child Advocacy Program (MCAP) and the Pennsylvania Bar Association Pro Bono Office will be presenting a special CLE seminar funded by IOLTA on **Wednesday, April 6, 2011, at 9:00 a.m. in University Park at the Penn State Dickinson School of Law. The groupcast will also be available in Carlisle. Breakfast will be available at 8:30 a.m.** This program will provide two (2) hours of substantive credits and one (1) hour of Integrated Ethics credit for all those who participate in the complete program. There is no cost for this program.

The program is designed to help counties serve children. In the seminar, MCAP and PBA Pro Bono presenters will review ways to serve children either by individual court appointment or through a county office. The Pennsylvania Supreme Court is currently contemplating requiring all lawyers who represent children in these situations to attend pre-approved training seminars. Accordingly this seminar will also address and model ways to train lawyers to serve as counsel for children.

This seminar serves as a review of the various ways counties appoint counsel and guardians ad litem for children in light of the developments in Luzerne County as well as the mandate in the Juvenile Act requiring counsel for children.
