Featured Member: Judge Stephanie Domitrovich

Judge Stephanie Domitrovich is approachable and friendly. She is an active contributor to the Minority Bar Committee (MBC) Diversity Summit Planning Committee and regularly authors articles for the MBC Newsletter, Houston’s Legacy. She serves on many other PBA and ABA committees and sections, but her heart is in teaching and learning about bias in the courts, especially jury bias. She is always willing to cross the commonwealth to serve on a panel or teach a course. We are so grateful to Judge Domitrovich for her recognition that diversity, equity and inclusion requires everyone to roll up their sleeves and work.

Judge Stephanie Domitrovich is a state trial judge in Erie County. She was elected to the bench in 1989. She earned a Ph.D. in Philosophy in Judicial Studies in May 2006 from University of Nevada, Reno.

Judge Domitrovich recognizes the value of bar service and currently serves on the PBA Minority Bar Committee, the Civil Litigation Section Council, the ABA Executive Committee Board and Program Chair for the National Conference of State Trial Judges (NCSTJ), the ABA Technology Committee of Judicial Division and the ABA Judicial Division Chair of Forensic Science Committee. The Pennsylvania Supreme Court appointed her to serve on Jury Service Committee of Pennsylvania Interbranch Commission. She served as a local bar leader as well. She is past president of Northwest PA American Inn of Court for Erie and Crawford Counties, past president of Pennsylvania State Trial Court Judges, and past chair of NCSTJ of Judicial Division of ABA. Judge Domitrovich also serves as a board member (treasurer) for Interest on Lawyers Trust Accounts (IOLTA) for Pennsylvania.

We are so grateful for her service to the MBC and the many bar association committees for which she volunteers. She is an extraordinary jurist.
